

Children Cry For

Fletcher's

CASTORIA

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

B. J. Briggs & Co., of Providence, R. I., say: "We have sold Fletcher's Castoria in our three stores for the past twenty years and consider it one of the best preparations on the market."

E. W. Stucky, of Indianapolis, Ind., says: "To say that we have recommended and sold your Castoria for years is the best endorsement we can possibly give any preparation. It is surely full of merit and worthy of recommendation."

Henry R. Gray, of Montreal, Que., says: "I would say that your Castoria for children is in large demand and that it gives general satisfaction. Not being a secret nostrum many medical men order it when circumstances indicate the use of such a preparation."

W. G. Marshall, of Cleveland, Ohio, says: "We have found your Castoria to be not only one of the best sellers in the medicine market, but a preparation that gives almost universal satisfaction; in fact we cannot recall having had a single complaint from any of our customers who have used it."

Owens & Minor Drug Co., of Richmond, Va., says: "It is with pleasure that we lend our endorsement to Castoria, a preparation of proven merit. During our long experience in the drug business we have had abundant occasion to note the popularity of the genuine Fletcher's Castoria, which we unhesitatingly recommend."

Brannen & Anthony of Atlanta, Ga., say: "No doubt if we were called upon to state positively what medicine we had sold for the greatest length of time, the greatest number of bottles sold, and the most satisfactory preparation to us and also to the customer, we feel that we could safely and conscientiously say Fletcher's Castoria."

SCHOOLS CLOSE FOR SUMMER VACATION

50,000 Happy Children Face Two and a Half Months of Freedom from Books.

Fifty thousand happy school children yesterday afternoon closed their books, shut their desks, and then rushed for the open air and freedom. School had closed for the summer vacation, and juvenile Washington was so joyful that it could not restrain its delight.

As the youngsters fled out of the school doors they leaped, shouted, and threw their caps high into the air. Two and a half months of freedom! All the little girls were clad in white, with neat ribbons tied in great bows in their hair, and a few of the more aristocratic made their appearance at school with Sunday parasols. The little boys looked extremely uncomfortable, for most of them were dressed in stiff shirt-waists, Sunday trousers, and new shoes.

There was no work done yesterday in the schools. Some of the teachers had planned to give their pupils brief lessons, but they found it impossible to obtain concentration. Even though it was gloomy outside and rain fell occasionally, the boys could not help dreaming of baseball and fishing and swimming, and the little girls could not get their minds off their dolls.

For two months and a half the children of the city will be free. They will roam the streets and go fishing and worry their mothers by sneaking off to the swimming hole. Some will visit the playgrounds. Others will leave the city for the seashore or the mountains or the rural districts with their parents.

Some of the divisions held their eighth grade graduation exercises yesterday. Certificates were presented to the graduates, and appropriate addresses were delivered. Songs were sung by the pupils and instrumental selections were rendered.

STILL ENTERING HERALD CONTEST

Many Persons First Finding Out They Are Eligible to Compete.

New entrants into The Washington Herald Booklovers' Contest were the feature of yesterday's developments in the competition for the valuable prizes offered to successful solvers of the "wit-taxing" problems published by The Washington Herald.

Many persons are just finding out that they are eligible for prizes in the contest even if they enter now, when the last of the sixty-five pictures forming the series of problems has been published. To many inquires The Booklovers' editor explained yesterday that answers to the problems may be submitted at any time between June 26 and 6 o'clock p. m. July 2. Those who submit their answers at the proper time will be eligible, no matter on what day they have actually commenced the actual process of working at the problems.

The advantage of submitting more than one answer to each picture was again expatiated upon by the contest editor in answer to an inquiry yesterday. He stated that if more than one answer seemed a reasonable solution of a problem, it would be better to submit as many as appeared probable correct. Five answers may be submitted for each problem.

The first prize offered contestants is a fine building lot in Randle Highlands valued at \$1,000. The second prize is a Kingsbury inner-player piano valued at \$750. The instrument, one of standard make, is on exhibition in the store of the Percy S. Foster Piano Company, 1320 G Street Northwest.

The third prize is a \$500 library of books from Brentano's. Twelfth and F Streets Northwest. The winner of this prize will be entitled to the privilege of making changes in the selection of books recommended by the Brentano manager.

For consolation prizes cash awards aggregating \$500 are offered in the form of credits at the Citizens' Savings Bank, Bond Building, New York Avenue and Fourteenth Street Northwest.

BAR AGAINST RECALL

Local Association Meets and Goes on Record.

At a meeting of the Bar Association of the District held at the City Hall yesterday afternoon, with Edward H. Thomas, the president, in the chair, a committee report was read recommending that the Bar Association of the District "declare its profound conviction that any such revolutionary proposals as the recall of judges or the review of judicial decisions by popular vote would be fraught with immeasurable danger to our constitutional institutions and to the fundamental rights of the individual rich or poor, and it urges the bar of the District and of the nation to unite, irrespective of party, in opposition to such proposals and in defense of an independent judiciary." Action on this resolution was postponed until the next meeting of the association, Wednesday, June 26, at 3 p. m.

Corporation Counsel Thomas, president of the association, was empowered by resolution to appoint a committee for the purpose of impressing upon Congress the adoption of changes in the divorce laws of the District, which were adopted at yesterday's meeting of the association.

On Trial for Murder.
